THE KALI YUG AVATAARA SHRI SANJAY Sai Baba

Inspired by Bhagawan Baba, we are glad that this Shree Sanjay Sai Smaarika has been published on the auspicious occasion of the *Vijayotsav 30th Birthday of our Dear Swami*. This Smaarika contains the varied and unique divine experiences which have been witnessed and expressed by the devotees from across the globe.

In addition to the thousands of devotees from all over Nepal, we are expecting more than 85-90 devotees from many overseas countries. One of the highlights of this grand Vijayotsav Birthday Celebrations will be the 2nd International Youth Conference to be held for 2 days wherein around 200 Sai Youths will participate as delegates from many countries.

Since the Smaarika is mainly dedicated to the invaluable divine personal experiences of devotees, I am also tempted to share one of the many unique and divine experiences depicting the grandeur and magnificence of our Dear Baba, which bears ample testimony to His Omnipresence and Omnipotent powers.

The Cake Miracle

It was 23rd November 2014, our Sri Sathya Sai Baba's Birthday being celebrated at Sai Abode, Mumbai as in all over the world. When the cake was cut and the plate was offered before the T.V. Screen where the blessed devotees had gathered for darshan of Baba on Skype, (Baba being personally at Kathmandu Ashram, Nepal) an extra-ordinary, unique phenomena happened: *Swami told in advance and then his hand came right out of the T.V. Screen (in front of our bewildered eyes) and took the piece of cake from the plate and showing it to all, he slowly put it in his mouth. The cake in Mumbai, Swami in Nepal !* Truly our Kali Yug Avataara is beyond time and space.

There are innumerable such miracles we devotees have experienced living with Bhagawan Baba (you'll find many more in our Publications and Social Media). I had the good fortune of being a "*Sai Sahayaatri*" moving with Swami all over India and Nepal and also touring Singapore and Oman. In all these years being with the Living God in Human Form, I have come to realize not only intellectually but at the very personal experiential level that He alone is the Doer and always gives credit to us to boost our personality and enthusiasm, pretending innocence and showing surprises and genuine appreciation at our smallest of efforts. I only know one thing that no matter how high the Kite flies, the thread is always in His Divine Hands.

He keeps telling us "*Tum Sankalp Karo, Mera Kaam Siddha Karna Hai*". (You make commitments, it is my Job to fulfil it !) and this has always happened at least in my case. Verily He is Sankalp Siddha. Once talking about leadership, Swami said: "*Pratap, being a leader and particularly in a Sai Organisation is equivalent to dancing on a Hot Plate*" (laughter). How realistic ! The greatest miracle I have experienced being with my Lord and Master in the last almost 6 years is **TRANSFORMATION**. Transformation in my heart, transformation in my lifestyle, transformation in my thinking pattern and transformation in my nature and behaviour. Truly, life has become a pleasurable journey always focussed on Sai Mission.

I owe it all to my Swami's grace.

Nepal Chairman: Shri Sanjay Sai Seva Organisation, Int'l, and renowned Tour and Trekking Operator of Kathmandu.

Ambir K. C., Kathmandu, NEPAL.

We are blessed and fortunate to be called and chosen to be part of the sacred and divine mission of Bhagawan Sri Sanjay Sai Baba, the Avataara of our age, in Nepal. We devotees of Baba celebrate His Birthday on 20TH of January of this year with love, gratitude and joy.

It is important to recollect and remember the golden words that Bhagawan has given to entire sai world as bellow:

"You must be thinking about the gift you have to offer to Swami on this birthday. You can be happy that you have given Swami a proper gift only when you love your fellow-men, share their sufferings, and engage yourselves in serving them. That is the only gift I wish for. The present given to God has to be pure, steady and selfless love".

We will be happy, peaceful and fearless when we remember these divine words and march forward in our spiritual journey to realize our innate divinity.

The essence and summary of all His teachings is the following four divine commandments:

Love All , Serve All - Help Ever, Hurt Never.

During this auspicious period, let us dive deep into these *Mahavakyas* and practice them in our daily lives. Furthermore, let us intensify our efforts from **16th January to 22nd January** being the Bhagawan's Vijay Otsav 30th Birthday Celebration week. Swami says three-fourths of spiritual life is self-enquiry. Let us be vigilant and conduct self-enquiry and self-audit as to how each one of us is practicing these commandments every day, and record our progress. God is omnipresent, hearing every word we speak and seeing everything we do.

I pray to Bhagawan to bless us with wisdom and strength so that we can practice His divine commandments implicitly and completely, with intensity and sincerity, to reach our goal.

Last but not the least Nepal Organization welcomes all International Delegates for this historical 30th Birthday Celebrations (VIJAY OTSAV) along with thousands of devotees of Nepal.

We warmly welcome all with open arms to have divine Darshan and Sambhashan of our most beloved Bhagawan Baba.

We are also pleased to announce that we are honoured to have as the Chief Guest of the function the former Prime-Minister and Member of Parliament Madhav Kumar Nepal.

With loving reverential Pranams at the Lotus Feet of Bhagawan Baba.

Jai Sai Ram.

My Dear Brothers and Sisters

Baba first came to India Chikmagalur Karnataka in 2006 to Sri Sai Nilaya and since then Sri Sanjay Sai Baba has been coming every year. We were the first Devotees to Welcome Swami in India. We are for ever grateful to him for having chosen our family for his divine work.

Bhagawan Shri Sanjay Sai Baba had come to bless the Shata Rudra Yagna being performed in Chikmagalur Sai Mandir. Bhagawan Sri Sathya Sai Baba had just performed the Athi Rudra Yagna at Puttaparthi which I had attended during that time I had prayed to Parthi Sai that I should also perform Rudra yagna & invite Bhagawan Sri Sathya Sai baba. Sri Sanjay Baba very kindly agreed to come for the yagna the yagna was about to begin.

In the Temple a beautiful Bhanu Lingam is there. It is made of black stone and about 2 feet tall. It was brought to the Sai hall for the Abhishekam, Baba called me and told me to also get the HIRANYA GARBHA LINGAM which he had created the previous day. My wife had kept the divine lingam in a silver cup filled with rice. The same was brought and kept on the base of the big bhanulingam.

The priests started reciting the divine chants. Baba was also in the hall but seated very far from the "homakund". The priest then poured the water on the bhanulingam and Hiranya Garbha lingam, Suddenly Shri Shiridi Sai baba appeared in the Hiranya Garbha Lingam. The Priest was confused and was rubbing his eyes if he was seeing right, he called us and some of us ran to see the manifestation of Sai Baba. As suddenly as he appeared, the form of Sai Baba disappeared in his place Sathya Sai Baba appeared. We were stunned to see Sri Sathya Sai Baba very much live and moving about. He too disappeared and in his place Sri Sanjay Baba now appeared.

The priest could hardly recite the mantras. He was so overwhelmed. We all looked at Sanjay Baba sitting in his chair least perturbed and engrossed in his own world. Sanjay Baba was moving around in the lingam smiling at us and blessing us all through the yagna he was in the lingam and even after the yagna he was there for quite some time. I took the lingam and went inside with Baba in the lingam smiling and blessing me. But how long could I stay with him in the lingam while he was sitting in the Sai hall. I had to attend to him there. I said to myself "Sorry Swami I have to keep you locked up," I went back to Sanjay Baba who was blissfully sitting.

Although Sanjay baba behaves very normally like us at times he Shows his true Divinity & baffles us.

My Dearest Bhagawan Sri Sanjay Sai Maa

Om Sri Sai Ram – The Divine glance sets things in the right direction. Like a mother who comes to rescue her naughty children, Avataaras come to set mankind back on the right course. I am ever grateful to Brother Pratap Thakker for taking me towards the Sanjay Sai path.

Omnipresence – Sai is everywhere. In the year 2002 Swami Sathya Sai awarded me with Educare Diploma and started his mission instilled in my soul. Which was nurtured and nourished all the time. Swami Sanjay Sai awarded me with the chain around my neck and said “I have chained you with the chain of love” and narrated my experiences with the previous Avataara. I was blessed to participate in 2016 Guru Poornima. We went with Swami for the Bhoomi Puja of Punyavathi ashram. Walking with Swami in the Himalayan region itself is a miracle. Swami blessed me to take the maiden arti in Punyavathi, during which I had the darshan of Sai Surya with seven horses and felt giddy. I had severe fever, since the experience was too much to bear. Babas personal doctor came and gave tablets. Swami materialized Ganga water in a cup and gave me the medicines. What a divine experience. On the same time I also got the opportunity to give live interview in Bhakti channel, Nepal. Swami prompted me for all the answers from within. Surrendering everything at His Lotus feet.

Omniscience – Each work I take is for my Lord. I always use to long for Baba’s presence in Oman physically though felt his Omnipresence innumerable times. In 2016 March when I had my first physical Darshan of Swami Sanjay Sai, He said “I will come to Oman **for you and your prayers**” my hearts joy knew no bounds. In 2017 September when Swami landed at Sai abode in Oman, my life attained its fulfillment. Omniscient Sai Avataara has answered my prayer like Krishna responded to Gopikas.

Omnipotence – The chain that was given by Swami got lost. I never told this to Swami. During Guru Poornima Swami mentioned this and materialized diamond necklace. To me the Omnipotence of the Lord manifests most when He transforms the heart of the people. His Oman chapter has witnessed the transformations in many soul blossom children and people. I have learnt to love more, since I am sure I can serve only by His love.

Hearing and learning more about Bhagawan is my **Shravanam**. Singing His glory and talking to many hearts is my **Keerthanam**. Chanting His name ever is my **Sai Vishnu Smaranam**. Dedicating myself for the mission is my **Padasevanam**. Finding ways to help the needy is my **Archanam** to my Sai. Offering all the actions at His feet is **Vandanam**. To be blessed and chosen by Bhagawan to chair the Sanjay Sai mission in Oman makes me His **Dasya** Bhakta. **Sneham** with Lord is my breath. I offer my **Atmanivedan** to Him.

Last but not the least. I fondly practice “vatsalya bhakti” with Gods pictures and idols like Yashoda fondled Krishna. When I was talking about Jagat Kalyanam Swami Sanjay Sai told “Chithra Maa your son (pointing to Him) in this Avataara will not get married”. I relive those words of Bhagawan always.

Dedicating life for Lord Sai is worship. When the Lord acknowledges the same it becomes wisdom. My Dear Baba, I am what I am today because of your “Sai touch”. My attitude towards life has changed. I feel transformed and detached. Contentment and peace have dawned in my life. I only pray to Swami that he should continue to guide us and take us under His care completely. I always crave for Swamis blessings on all. He is our true Savior, who is our companion and friend, our guide and God.

Combined in it – most compassionate, caring and loving. By His grace we realize the goal in this very life time. **Samastha Jeeva Sukino Bhavantu** - May all the beings be happy.

MY JOURNEY FROM PARTHI TO PASHUPATI

My journey with SAI for the last 25 years is becoming more meaningful and I could say that the GOLDEN AGE has begun from Dec 2013 on my meeting Shri Sanjay Baba of Nepal. I started to understand the deeper meanings of many routine things, because of wonderful Satsangs by the Divine Lord on various subjects. My thinking process has been elevated to a different level. This is the Greatest Miracle in my life. I list below few things learnt by me.

Difference between SAI Avataaras

Swami very often says remove Shirdi, Sathya, and Sanjay from the names of Sai Avataaras. Then only Sai Baba remains, which stands for “**See Always Inside; Be Alert and Be Aware**”. We seek God in physical form, but he is all pervading – formless. You may think Rama, Krishna, Shirdi, Sathya and Sanjay are different. But their energy is the same. The tools of LOVE and SERVICE is to be used to establish righteousness by eliminating wickedness. Take a small cube of Sugar and taste it, taste is sweet. Divide into two pieces again it tastes the same. Break into smaller pieces and the taste will still be the same. The message of all these Avataaras is Work, Worship and Knowledge- Karma, Puja and Gyana.

Prayer –

Baba always says Prayer is one to one communication (Devotee and GOD). Even if you think of me once in a day that will reach Him. Don't ask for material things. Ask only for margdarshan..

Grace –

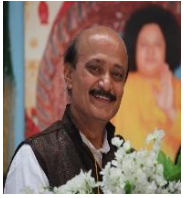

He is always blessing with Grace which we sometime fail to understand. His Grace is showered upon us – when we are in distress - as strength, patience and courage to face the situation. HE answers us directly or indirectly gives directions to clear our doubts.

Faith and Surrender- Keep strong faith and surrender at his Lotus feet.

When a huge trunk of the tree falls into the river, the trunk does not know where it is going, but the river knows where it is going – going to the ocean. Likewise be like the tree trunk fallen into the river and the destiny, leave it to Him.

I can feel and experience that He is holding my hands and guiding me in my every movement towards transformation.

Jai Sairam.

Devotee of Shree Sanjay Sai Baba since 2013 and in Sathya Sai fold since 2005.

Roop Anek, Bhagawan Ek

I have got the darshan of Bhagawan Shree Sathya Sai Baba in 2005 for the first time. One of my wish with Sathya Sai Baba (which never full filled) was to have his Paad Namaskar. During this Journey, from 2005 onwards I came in touch with Sister Preeti Di and Shri Pratap Bhai through Vibroinic Seva. I follow them as my Guru. On 24th April 2011, Bhagawan Shree Sathya Sai baba left his physical body, afterwards I was in touch with Pratap Bhai about seva activities.

In 2013, Pratap Bhai invited me to his house in Bombay to have darshan of Bhagawan Shree Sanjay Sai Bababy introducing to me as "NEPALI Sai Baba". I thought "*Koi Aadmi Hoga Nepal Main Jo Shirdi Baba Ki Jaise Sir Pe Rumal Bandh Kar Ke Seva Karta Hoga*". With this my journey begins towards Kathmandu. I decided to be a part of Bhagawan's 1st divine visit to Bombay.

09:00 A.M., Hall was jam packed with devotees, so I decided to stand near main entrance of the hall. Baba came out to for Paad puja. He was looking as same as Sathya Sai Baba in white robe. I haven't seen even photo of Sanjay Sai Baba before coming to Bombay. My monkey mind was thinking, "Why this man is acting and copying my Swami? Whoever he is, He is not my Bhagawan. Only Sathya Sai baba is my god and IF he is my Guru's god then pranams at his lotus feet." So I folded my hands and stand there throughout function. Swami graced all devotees to have paad namaskaram. I got divine opportunity to have first Paad Namskaram of Swami and I sat in Hall. All of sudden, Swami stood up and he walked straight towards me and said "hello, how are you?" I replied, "fine, Swami." And he immediately materialized vibhuti and gave to me. I was shocked and speechless.

After Swami went back in his room, I wondered, "*Ye kon he? Bhagawan Sathya Sai baba ne to aesa Avataara ke bare me kuch nahi kaha tha, aur ek hi samay par 2 Bhagawan alag alag jagah par kaise?*" In the evening Swami came out and I offered him chapal in corridor. He told me to join him in lift. He asked me "Will you come to Nepal for visit?" I replied "Yes Swami, whenever you call." Immediately he waved his hands and manifest a silver diamond ring for me which left me speechless.

On third day of divine visit, it was plan to visit Shirdi. I got opportunity to accompany Swami. I took last seat of bus. We reached Shirdi in morning. I was still in dilemma that is he really my Sathya Sai Baba? To clear my doubt, I started having satsang with all Nepalese devotees and my utter surprise they all were Sathya Sai devotee like me.

In Shirdi, Swami called me and said "Please bring one copy of SAI-SATCHARITRA" So after having darshan, I bought book and went to Swami and offered SAI-SATCHARITRA. Swami laughed and said "Tu mera hi story ka book mujhe hi de raha he" I couldn't reply to Swami.

While traveling to Shanaishwar, Swami called me in bus and said "Mehul, *Shirdi me Swami ka darshan kiya?*" I nodded and again he waved his hand and manifested a beautiful statue of himself and gave me by saying "*Ab lo ye Baba ka bhi darshan karna.*" To be surprised, statute is as same as of photo of Sathya Sai Baba which we have in our house (Same Simhasan, Same posture). It was last final and crystal clear answer for all my clouds of doubt about divine form.

I am blessed to witness another divine Avataara and very obliged to be in his mission with following his divine directions..

2013: Love at first sight: Initially, I had strong reservations about meeting Baba but eventually thought I will take just one darshan and leave. As soon as Baba's car came within the periphery of my vision, I was frozen because from that very distance his eyes were fixed upon me. He alit from the car and patted me on my cheek. I felt an intense rush of extraordinary love that is indefinable in any language.

Immediately in the Sai abode, He called me in the room and blessed me with manifestations of vibhuti, and a golden chain with the words that I was the jewel of the love of Sai.

All my life, I had always nurtured a secret desire that if and when I get darshans of the Lord I shall ask Him to "Hug me", and keep my head on His heart and hear the divine cosmic universal heartbeat. That is what I received in the very first meeting. My SaiMaa fulfilled my heart's desire!!

Shiva Trinetra darshans: In 2014 Baba told that you will be a witness to a miracle that every Avataara performs only once in His lifetime. And at Somnatha in Gujarat, He granted a privileged few of us darshans of the third eye of Shiva. It was a moment out of time. The intense luminosity and vibrations of the Eye with the Ganga flowing from His tresses was a sight to behold. We were trembling with awe and horripilation. For hours all of us could not speak a word so deeply impactful was that experience.

Red Rose from His heart: Once we were in a car and I asked Him the sadhana/ path to reach Him. He moved His hand over His heart and manifested a fresh red rose. Giving it to me He said, "Make your heart pure and fragrant like the rose and no sadhana will be needed."

Metamorphosis: Countless manifestations have taken place before my very eyes in absolute close proximity, innumerable miracles have I witnessed but the greatest miracle is the miracle of transformation that He has brought about in me. A tremendous metamorphosis has happened very subtly in the divine presence. The highest of the esoteric truths appear so simple and understandable. Things which I knew intellectually now have experiential backing and wisdom. His love is all inclusive and so expansive that anyone who comes within His auric presence never fails to get transformed.

Indweller: In our very first meeting, He spoke to me about my most personal thoughts and prayers that I had never shared with anyone. I experienced that He is indeed the indweller who knows everything about us. Over the years He has frequently told me many things about my family and home which undoubtedly shows that He is also the resident of our home.

Sitting at His lotus feet in the ashram I have experienced volumes of extraordinary things. I have understood; God comes in a form that we are comfortable with. He is not confined to "A" body. All bodies are His, all forms are His. He is the indwelling **TATTWA**, the supreme consciousness that has descended on earth to make man ascend. And that I am blessed to be in **THAT** divine presence.

Narendra Bhat, a businessman in Jayapura near Sringeri in Karnataka, INDIA.

It was sometime around November or December of 2011 that Swami came to Nagesh Uncle's house in Chikmagalur. My brother Anil and I had gone to Chikmagalur for Swami's darshan. While returning to Jayapura, my brother suggested we visit Kathmandu in February 2012 for the Shivratri celebrations. Due to my cold problem, I refused to go and urged my brother to go alone. But Swami's will was different.

Next day, when I went to Chikmagalur with my father Sri. Jayavanth Bhat, it was around 5.30 pm and Swami along with his devotees was sitting outside Nagesh Uncle's house. We joined them with Swami's permission.

Swami looked at me and asked "*Thanda hai kya? (Is it cold?)*".

I said, "No Swami, it is pleasant".

Swami then said, "*Shivratri ke samay Kathmandu mein itna hi thand rehta hai*".

I immediately realized that Swami willed for me to come to Kathmandu. I, along with my brother Anil and Bhabhi (Anil's wife) visited Kathmandu for celebrating "Shivratri with Shiv". It was an amazing experience and cannot be explained in words. I had not coughed or sneezed even once in the entire tour. *Ek chink bhi nahin liya.*

In my next visit for Shivratri in Feb 2013, just as I entered the ashram, Swami asked "*Tumhara aasthma kaisa hai?*"

It was during this visit that I had to be admitted to a hospital in Kathmandu due to my serious condition and was given oxygen and other treatments for aasthma. At about 9 PM in the night, Swami rescued me and the very next day I could enjoy the rest of the trip with his other devotees from Mumbai and Ahmedabad.

This shows Swami's omnipresence and his protective mother's love for everyone.

Divine Experience with Bhagawan Shree Sanjay Sai Baba

It was in the year of 2010, I was in Puttaparthi for Swami's Darshan. I had a blissful time in Puttaparthi. Full of energy, strength and peace I was to come back home. It was my last day in Puttaparthi and I was buying gifts to bring back home with me when I was approached by two ladies asking me if I needed a hand to carry the gifts I had bought. I kindly said Thank-you and was going to move on when one lady asked me if I had heard about Sanjay Sai Baba. I politely told her I had never heard of the name. The lady then told me about Sanjay Sai Baba of Nepal in brief.

The lady then asked me if I wanted to visit Sanjay Baba of Nepal. Since I do not agree on being negative I told her I would love to visit HIM. She offered to take me to Sanjay Sai Baba when she returned to Kathmandu. We parted on that last note.

When I got to Kathmandu I got busy with my family. I had a very short stay in Kathmandu that year. All the time I was in Nepal I was sick. This lady kept calling me but I was bed ridden all throughout my stay in Nepal. Every time she called I had to apologize. The days went by and I just couldn't make it to the Ashram to meet Sanjay Sai Baba in the year 2010. Before I left I told the lady that I would come visit HIM sometime in future.

Fortunately for me, time once again gave me an opportunity to meet Shree Sanjay Sai Baba in the year 2014. Achyut Raj Regmi, whom I respect as a father figure asked me if I would like to meet Shree Sanjay Sai Baba. So, I grabbed the opportunity.

At this stage I had been unwell for quite a while, like four five years. I was on my walking stick. I had had three strokes. My whole body ached with Rheumatoid Arthritis. I was in pain 24/7. I couldn't bend my knee. I was on seventeen different pills. The doctors had told me that I was never to leave the walking stick. I had started accepting the illness thinking this is my life now. But one thing was clear; I did not want to lead a miserable life, so I tried to keep myself positive, I tried to keep myself happy. I never mentioned my illness at all. What was the point?

I held on to Parthi Swami's blessing with me; surrounded me by HIS memory. So obviously when I found that Shree Sanjay Sai Baba was another form of SAI Avataara my curiosity got high and I wanted to meet HIM once. After the interview, we all went home. When I woke up I suddenly realized that I got up without the help of the walking stick. I did not mention this to anyone but slowly but steadily I started feeling that my knees were not hurting as much as it did before.

This trend went on for a while. One bright sunny day I requested my husband to follow me to the Shopping Centre. I intentionally left my walking stick in the car. After walking for a while it must have suddenly hit him, he went "Where is your stick?". I explained it to him that I didn't need to carry it anymore. I had full confidence that this wasn't happening. I wasn't going to have a fall anyway.

Today all my pains have gone. I am living a healthy life. And this is all because of Shree Sanjay Sai Baba's blessing. Due to this Blessing my faith in HIM has been increasing day by day. From seventeen different pills that I was on, now I just take three pills. I am a different person now. Healthier, calmer, more forbearance and a better person than I was before. Thank you, Bhagawan Baba, for giving me a new life once again. Thank you, Bhagawan Baba, for giving me a new life once again.

24 FEB 2016—Swami materializes 3 pages of Sanathana Sarathi of Dec 1992.

It was my birthday and I wanted Swami’s charan-sparsh immediately after the bath. This was not normal, because Swami usually came out much later after Breakfast for giving charan-sparsh and we all happily took it and then sat in His Sai Prado Rath to go to the Sai School together with the Divine Principal Himself!

My desire was extremely intense for this rather out-of-schedule charan-sparsh and He fulfilled it in His own unique and sweet way. I was having a bath, I heard His sweet voice calling out my name from outside! It seems He had come to our room, to give me my intensely desired charan-sparsh, or so I thought. My mind went into a tizzy and I really hurried up with the rest of my bath. I came out soaking wet only wrapping a big towel around my waist in that chill Himalayan cold. I espied Swami sitting on His throne, with a mysteriously indulgent smile, a garland of flowers in one Hand and a Cadbury’s chocolate bar in another with Sameen sitting at His left hand side. His sweet, love-honey-dripping voice expressed: “Happy Birthday Maunish”! My joy knew no bounds, I was simply beside myself & I threw my head down at His Lotus Feet for that intensely desired “earlier charan-sparsh”. He put the garland around my neck most lovingly, and placed the chocolate bar in my hand. He asked me how was I doing, how were my family members. He said: “Call them up”. “Of Course Swami” I happily answered. He made further small talk to put me at ease and then lovingly and sweetly asked if He could go back to His room since He had to get ready in time for going to School.

The same evening, as I was enjoying the sweet sunshine of the cold Feb’15 evening on the verandah of the Brindavan Sai Ashram, feeling exhilarated at the surprise “Happy Birthday” greetings from Swami this morning, I saw Swami coming towards me. I got up excitedly and stood at my room door. Swami stopped there itself and started talking to me in the same sweet sunshine. He asked me whether I called up my mother for her Blessings. I said yes. Father too. He asked whether I read Santhana Sarathi. I said yes. He spoke about the old days in Prasanthi, how Kasturi used to compose it himself and hand-print the pages on an antique printer. He spoke about my ailing aged mother.

Suddenly His hand started rotating in the now familiar way and He materialized some old yellowed paper folded four times. He gave it to me. I kept my attention on His Lotus face thinking I will see it later. He said: “*issay kholo, dekho to birthday present hai*” So I gingerly opened the four folds and saw that they were three pages from Sanathana Sarathi Dec 1992 issue. It was the printed speech delivered at Vidhyagiri Stadium by Bhagawan Sri Sathya Sai Baba on His birthday of 23 Nov 1992. It was titled: “Revere the Mother, Serve the Motherland”. Swami asked me to read some parts aloud. He was smiling all the time listening intently and walked ahead to the other boys.

This was my first-hand direct experience of Swami’s omniscience. There was no one who could have told Him this morning that today was my birthday. Nobody else in the Ashram knew about my birthday on that particular day. But Swami knew, and He chose to grant me my so-called “out-of-schedule” charan sparsh. His loving personal attention to our smallest desires and the personal touch and care with which He delivered His gifts to an insignificant person like me, highlighted both His greatness and His simplicity. His asking for “permission” to go back to His room spoke about His humility and His role as an excellent host, which we all ought to emulate. This was unquestionably the best birthday celebration of my life till that time.

Namaste and Om Sai Ram

Happy Blessed 30th Birthday to Swami Sri Sanjay Sai Baba. Om Sai Ram, my greetings to your divine lotus feet Swami.

Wishing you Swami 30 years of divine existence and many more years to come. We are blessed with your divine presence.

My blessings with Swami started from a little photograph given to me in a conference in Chennai, India by my Sai Sister and I was drawn to the photograph for several months thereafter until I visited the Sai Brindavan Ashram, Kathmandu, Nepal. The enquiry started in my mind and heart. I experienced visions, dreams and the divine calling to the Sai Brindavan Ashram.

I have been an ardent devotee of Sri Sathya Sai Baba since childhood. Physically, mentally and spiritually, I was healed by Swami Sathya Sai Baba in Prashanthi Nilayam, India. My ailment was intracranial (brain) high pressure which caused me, amongst other things, to lose my eyesight. After several medical operations, medical doctors from around the world gave up on me and told me there was no hope. But Swami healed me during darshan in Prashanthi Nilayam and my eyesight returned to 91%. My neurosurgeon in South Africa said it was a miracle and God's will. I am Sri Sathya Sai Baba's miracle and he told me to share his miracle which I have recorded in my book "Anita – The Sai Connection in Durban". Sri Sathya Sai Baba asked me to share the miracle with the world so that those that doubted his divine presence would be spiritually enlightened.

Meeting Swami Sri Sanjay Sai Baba at Sai Brindavan was a calling by Swami himself and I have experienced many blessings from the time of my calling. Meeting Swami and getting to understand his spiritual enlightenment and teachings in Nepal, I am very sure in my heart that Swami is the continuation of the Avataara. I pray that everyone will have the same blessings and spiritual experiences of the divine Swami in your life.

May we all be blessed in the future with the presence, divine love and blessings of Swami Sri Sanjay Sai Baba.

Love All, Serve All. Jai Sai Ram.

MY DIVINE EXPERIENCES

DEC. 9 2014

I experienced yet another miracle on this day. **The love of Mother Sai.**

I had spent four days in the Divine presence at Mumbai, and had returned back to work feeling very dejected. I was reflecting how energetic I had felt, in spite of a hectic schedule and very less sleep. My work prevented me from joining the Divine tour to Pandharpur. I was praying to Swami to enable me live a life where I could spend the whole day in prayers, seva and satsang. My mind could find no meaning in this daily routine of going to office and trying to fit in time slots to enjoy the Divinity. Thus crying out my heart to Swami, I was returning home from work. Suddenly my cell phone rings and I put it to my ear and lo and behold, I hear Swami's voice singing bhajans. I was in the seventh heaven. The group was returning from Pandharpur and were singing bhajans in the bus. My heart had cried out and at that instant itself, Mother Sai had wiped the tears, with his Divine voice reassuring me of the Divine grace showered on me.

FEB 2014 – Shivaratri

The night after Shivaratri, Swami – the Annapurna Devi – personally prepared momos for the devotees from India. As it was very cold, Swami decided to serve us dinner in his chamber itself. When he asked the boys to serve us the momos, I took a small helping only. When Swami asked, I said I do not like momos. Swami, after serving asked all of us to eat the hot momos. Hesitatingly, I put one in my mouth, dreading the taste on one hand and fear of offending my Lord on the other. Believe it or not, the momo tasted like a south indian delicacy in my mouth. Actually, I was very hungry but dislike of momos had restricted me to take more. I finished what was in my plate and took enough more to quell my hunger. Swami enquired, whether we were liking the taste and I asked Swami what were the ingredients used. He listed out the usual flavours and sauces used in making a momo. I am sure, these ingredients would never produce a momo tasting like Indian food. To each one present there, the taste was as per his/ her liking. Swami- What a leela to look after the smallest of your devotees.

Humble pranaams at the Divine Lotus feet.

Narayan Iyer, a devotee of Swami from Mumbai, INDIA.

My Words Never Fail

Swami said: Narayan, “My Words Never Fail” and exemplified it to us in the early hours of the dawn on 2nd May in an unpretentious and beautiful way.

Every night during Swami’s 7th divine visit we regaled and enjoyed in divine satsangs in Swami’s room at SAI Abode. The night of 1st May’17 was no exception, only that it was the last night before Swami was to travel to Chikmangalur next early morning. While returning back from a devotee’s home visit late evening on 1st May, Swami asked me to come for the satsang in the night at SAI Abode, Borivali.

After some brief discussions, around 11:30pm, Swami asked all devotees to go home and take rest, as packing had to be completed for travel to Chikmangalur early the next morning. As we went to partake paad namaskar, Swami asked me to sit down by his side. Eventually, after all devotees left we were just a handful of six devotees in Swami’s room at SAI abode.

Now, the next round of satsang and discussions started. Slowly, one by one the few remaining devotees went off to sleep and only a couple of us were left with Swami. It was already around 4am and with just two hours left to go, I sought SWAMI’s permission with utmost reverence to go home get some work done, have my bath and be back by 6am.

Swami said no need go at this time and asked me to sleep in the hall at SAI Abode. There were three other female devotees sleeping in the hall and I was felt uncomfortable. So, I now insisted softly and again sought Swami’s permission to go home and come back at 6am. SWAMI again told me a couple of times to get some sleep in the hall and not to go.

However, I told Swami I will go home and be back, Swami said nothing. I got up took paad namaskaar and when out to the hall to open the main door. The outside door lock did not open. The simple lock that would open just with a simple half twist would not open. I tried in many ways, so as not to disturb anybody, but the lock would just not open. Kinnari, was sleeping in the hall and woke up to ask what’s the matter. She tried her best to open the simple door lock, that she would normally open every day, but was surprised to see how the door had locked itself. She became a bit petrified, and got Pratapbhai to wake up and tell him of the situation. Pratapbhai also tried hard, did everything possible, became worried, and started kicking the door open in the hope the lock would give way. Others woke up with all the noise and commotion. (Note: it was around 4am in the morning on 1st May 2017). Then, hearing all this noise, Swami came out of his room, and enquired in HIS usual soft way.... what had happened and started joking that Swami now cannot go to Chikmagaluru and will have to stay back in Mumbai. Then, when everyone gave up and were drawn in silence looking towards Swami, **Swami looked at me and said “Narayan, My Words Never Fail”**.

Then Swami said, when the devotees come in the morning at 6am, pass them the key thru the grill door and it will open from outside. Swami asked everyone to go to sleep and called me for a 1:1 divine satsang in his room. He gestured to others that if Narayan falls asleep in my room, I will lift him in my hands (like a mother lifts her baby) and put him to sleep on the sofa in the hall. I had a divine 1:1 satsang with SWAMI for an hour and when it was around 5am, Swami asked me to go to sleep in the hall. We slept from 5am to 6am. When devotees came at 6 am, the door easily unlocked itself. After Mangal Aarti all of us left for the airport at 6:30 am to send off Our Dear Swami and the Nepal devotees to Chikmagalur.

Swami instilled in me and all of us one of HIS most profound messages that 1st May 2017: **“My Words Never Fail”** - whatever amrut vaani Swami says the entire universe commands and connives to make it a reality.

Golden Memories in the Calendar of my life

My Humble Pranams at the Divine Lotus Feet of Baba.

It was in the month of March 2015 when I and Chitrama flew down from Muscat to Kathmandu to have the divine Darshan of our loving Mother and Master Shri Sanjay Sai.

We were welcomed by Shri Amirbhai at the airport. He took us to the hotel and informed us that we would be escorted for the next few days to visit all the places including the Kedarnath Mandir at the foot hills of Himalayas. The concern and care Baba showed on us was amazing.

After coming back that day, we were informed that we would be able to meet Baba in the afternoon during Darshan. We were served lunch in the Ashram. We were allowed to sit in the front row. We were eagerly waiting to see Baba yet with so much anxiety. As the doors slowly opened, Baba came out escorted by devotees. He waved his hand and came straight to both of us - Wow!!! What a pleasant surprise. He enquired about our health and blessed both of us.

We were allowed to ring the Bell and fan Swami during Aarti. After the Aarti, Swami asked us to go to the interview room. We were so thrilled. He came inside the interview room and we had a wonderful Darshan - Sambhashan. He materialized a diamond ear-ring for me and said "Hearing your talk, ear rings for you". For Chitrama he materialized a chain and said "This is the chain of love". In-deed he is love personified!!! Then with a wave of his hand, he materialized Vibuthi and gave us.

Next day, it was the eve of Holi and to our utmost surprise, Baba came to Amirbhai's house. He explained the types of Holi to us. He gave us the privilege to perform Paada Namaskar.

Next day, we visited Pasupathinath temple. That night Baba himself cooked dinner for us. He sat in the dining room till we finished our dinner. We were so touched to get food cooked by the divine hands. The food was very tasty and delicious.

In the meanwhile, during the temple visit, I had got severe pain on my arm and suffered with fever. Baba made tea for me and he came with a wave of his hand. He materialized Vibuthi and applied on my hand.

All the 3 days, we were at the lotus feet so close. Our joy knew no bounds. We were partaking the nectar of divinity. How fortunate we were to have wonderful Darshan, Sparshan & Sambhashan of Shri Sanjay Sai.

MOON RISE AT THE DESERTS OF OMAN

Sep 2017 Muscat Oman

It was in September last year (2017) during Swamis 1st divine visit to Muscat, Oman. We had arrived in the desert safari camp couple of hours away from Muscat City.

After dinner, all of us were seated in the sands of the courtyard in Camp and were having Satsang with Swami. There were very high Sand dunes all around us.

The sky was extremely clear and every star was clearly visible. Such clarity of the sky cannot be experienced in city. I looked around but couldn't see the Moon anywhere in the sky and in all eagerness I just happened to ask Swami... "Swami, today the moon is not to be seen at all?"

Swami looked towards his right and said "*Moon us dune ke peeche hai*" (meaning the Moon is behind that Dune). Suddenly we saw him lifting his right hand and pointing (attentively) in that direction. We all became silent.

Lo and behold in few seconds, the moon rose a few visible feet from behind the dune and stayed there. We were awestruck at the sight.

Then Swami turned to me and sweetly asked me *Padma Moon rise dekha hai kabhi?* (meaning have you seen a moon rise)...I replied "*Nahi Swami aap ki hi kripa hai*".

This will remain a beautiful and unforgettable moment in my life and will stay in my heart forever.

Absolute Being - Bhagawan Shree Sanjay Sai Baba

Sai Darshanam Papa Nashanam,
Sai Sparshanam Karma Vimochanam,
Sai Sambhashanam Sankata Nashanam.

The vision of the Lord destroys all sins. His touch destroys the bondage of karma. Conversation with Him destroys all troubles. God incarnates to grant darshan (sight of the Lord), sparshan (touch), and sambhashan (conversation) to His devotees.

I heard about Bhagawan Shree Sanjay Sai Baba from dear Chithra Ma but I was not sure when I should visit Kathmandu for His divine darshan. Last year I received His call through dear Chithra Ma and decided to attend His 29th Birthday celebration.

When we reached Brindavan Ashram, His pada pooja was going on. We were directly taken to the stage where Bhagawan was seated, surrounded by His devotees. Swami gave a beautiful smile and raised His blessing hand, looking at me. Words can not describe the feelings of being near the omniscient & omnipotent Baba.

It was very cold there in Kathmandu. By mistake we left our winter clothes in the Taxi. Suddenly Samin Bhai came with two shawls for myself and Chithra Ma. Swami had sent those shawls for us. Our very dear omniscient mother Sai is always concerned about us.

After pada pooja, all international devotees gathered inside the ashram room. I had prepared masala Nimki (salty snack) and packed inside a plastic box, covered with golden paper. When Swami came inside the room I got a chance to offer that snack to dear Lord. He opened the box, took a bite and with all compassion he put a small piece in my mouth. It was something which I always wanted from Bhagawan Sri Sathya Sai Baba. I was very happy to eat from the divine hands.

Then Swami went out of the room. After some time again He entered the Ashram room. He was speaking to Bro. Amir Sairam and he was lovingly looking at me. Then He asked me, "Are you a facebook friend of Amir Sairam?" I replied, "yes, Swami". Then Swami told me, "This is your home. Anything you want, you ask. Feel comfortable here." And He created a pair of earrings for me, in front of my eyes and handed over to me. I was in ecstasy. Tears of gratitude & joy were rolling down my cheeks. Only our physical mother or the almighty God can shower such unconditional love without any expectation.

I had composed a birthday song for Swami. We all practiced to sing in front of dear Swami. At 12'o clock in the night we sang together and Swami cut the birthday cake. Swami's students sang beautifully in Nepalese language. It was a divine experience.

Next day we had birthday celebration. I was not sure whether I should wear those earrings created by dear Swami as I was worried that I might lose them. So I just kept it in my purse. After birthday celebration Ambika Didi (Swami's sister) came running to me. She said Swami was asking whether Sarita was wearing the earrings or not? I was ashamed of my decision. Immediately I took them out and put on my ears. Only our Sai mother can be so caring. Who else does care about you in this materialistic world?

After birthday celebrations got over, we went to the new ashram location. On the way we stopped at one place to have delicious sweet curd. We had one round of curd. Then we had a second round of curd. But I was full so I did not take the second cup. Swami was sitting inside his car and suddenly handed over His cup to me. I thought he is giving His cup to throw in the bin. Lo & behold. With all His kindness He was blessing me to have His prasadam. I was on cloud nine. I distributed the prasadam among other devotees.

During my very first visit itself I got darshan, sparshan and sambhashan of my dearest Lord Sai Bhagawan. The divine experience continues....

My name is Sarvesh Dilip Gadekar. I'm 22 years old. I'm studying IT Engineering in Mumbai, INDIA. I'm in the Sai fold from three years. I like singing and listening to music.

MY EXPERIENCE

During our (me and my family) first visit to Nepal, we had a divine satsang with Swami. At that time, I was a very shy and introvert person. But when I saw Swami, and devotees talking with Swami during satsang, I started talking with Swami and asking questions to Him, and that was a miracle to me because I hadn't spoken openly with unfamiliar people until then. I believe this miracle was possible due to Swami's divine presence. It was like, I connected with myself when I had his darshan.

We stayed in a hotel. During our stay, at night I had a dream. In the dream, I saw two same Swamis. Maybe I heard bhajans going on in the background while Swami was walking. Swami came nearby his chair where His other same form was seated. Swami blessed His own form (the one who was seated) with Abhaya mudra. I felt that the form of Swami who was seated was me (or all the devotees).

The meaning of this dream I realised is that Swami Himself is His own guru. Swami is our guru, who resides in us. We can say that our guru is our own self or we are our own guru. There is only one guru- God.

After this visit, we went to Nepal again during Guru Purnima. During this visit, me and my brother got the golden opportunity to perform a drama titled "Vasudhaiva Kutumbakam" in front of Swami by his grace. The drama was a hit. After the drama, me, my brother and all the international devotees were waiting for Swami in the interview room. Swami came walking and said, "*En dono ne accha kiya*. Sarvesh aur Geetesh MAN OF THE MATCH". Then Swami sat on his chair and materialised two same bracelets for both of us simultaneously by waving both of His hands, one with right hand and other with His left hand.

It was verily divine to witness this rare miracle and we both hadn't expected this to happen. The drama also, we didn't expect that it'll be a hit. But I believe by Swami's grace and divine presence, it was possible.

Jalpan Upadhyay, Sai Youth from Ahmedabad, INDIA.

I have realized about divine grace of Bhagawan Shree Sanjay Sai Babasince 2014 and in Sai Fold since 2008.

Prayers are shortest way to reach God

I graduated in B.Sc. Mathematics from Ahmedabad & went to Canada in December 2015 for higher studies. Since childhood, I was in Sathya Sai fold and after formation of Shree Sanjay Sai Sewa Organization: Ahmedabad Chapter, participation in seva activities had become my favorite hobby. Leaving all of these activities behind, to begin a new chapter of my life was difficult for me but by Swami's grace I was ready for it.

I and my other 2 room-mates were staying as Paying Guest. Due to some misunderstanding with the owner, one day she suddenly asked us to leave her place immediately without any prior notice and black mailed us not to take help of police. We were homeless in an unknown country and it was during winter (-22° C) with snow storm. I just prayed to our beloved Lord, "Swami, I have not come to Canada for this, please take care." We stood on road and started searching for other available PG. Luckily one Punjabi uncle understood our situation and gave us shelter at his place for some days. One day I suddenly saw a photograph of Shirdi Sai Baba in his Pooja Mandir. I told him, "I am an ardent devotee of baba" and to my surprise with a smile he replied, "& so are we". I was speechless when he said "It's not me who saved you, Its Baba who made it possible".

Being busy in assignments, college and job, 3 months passed by. I started feeling distant from Swami. No participation in any Sai activity, distance from family, made me lonely. I prayed at the lotus feet of Bhagawan & one Thursday I decided to visit Sathya Sai Center near my city in Scarborough and attend Bhajans. That was the only option for me to get myself back on Sai Track.

Just by reading name plate of center, I was already in tears. I felt, "Swami, you have always taken utmost care of us! You built a center far away from India, for people like me. Thank you so much Swami." I took a back seat and was thinking, "Swami, how far I am from you, there is nothing to do here and it made me distant from you. Swami, whenever I was with you, I was always at your lotus feet. And now see the DISTANCE BEETWEEN ME AND YOU. Now also, you are all the way 50 ft. away and I am here." I was crying but kept on praying. While bhajans were about to start, one of coordinator from the center came to me and enquired about me as I was new to the center. I introduced myself with a sairam and had a short conversation. Now it was 6:58 P.M. Omkaram was about to start. That gentlemen again came to me and said "Sairam Brother, Swami has choosen you to do Lakshyacharan of his Paduka today". I couldn't believe it and was in tears. I was at his lotus feet again. That imaginary distance between me and Swami that I once thought was now Zero. I experienced that he is Omnipresent, Omniscient and Omnipotent.

My roommates kept on calling but as I was in bhajans, I did not attend any of them. Once I reached back home, I was shocked to see that they had a big fight with few strangers on some issue. If I wouldn't be apart of bhajans that day, then maybe even I would have got involved in that police case. This clarified my doubt that Swami is always with me & distance is just a myth. On next day which was a Friday, during G.O.D.S satsang on viber, Swami came in satsang and asked, "Kidhar ho beta Jalpan?" & I happily replied "Swami aapki chhatrachaya mein". Then Swami told me, "Jalpan, kisi se bhi jhagda nahi karna, sabke sath mil ke rehna, Samji gaya tame beta?"

I was overwhelmed and realized that pray from your purest heart, God is always listening to our prayers BUT what matters is, are we listening to his answers?

Kaveeta Gadekar, Mumbai, INDIA.

Sai Devotee and since last three years in fold of Bhagawan Shree Sanjay Sai.

I had very first Divine Darshan of Swami during His first Divine visit to Mumbai in December 2014. It was an open ground for public darshan of Bhagawan and when he got up on stage he smiled at me showing "abhaya mudra". I could see the expression that He knows me.

During the visit, I got a chance to sing Sai bhajans in Divine presence for which I had prayed in Shirdi Sai Darbar. After Swami's discourse, Swami sang bhajan "bhaja govindam bhaja govindam". Everyone was mesmerized by Swami's Divine presence, His discourse, by the bhajan He sang...It was like a beautiful dream for me.

After few days I tried to sing the bhajan which Swami had sung 'bhaja govindam' and somewhere I made mistake. I was not remembering the tune and few words. That was when I had my first divine experience. During the early hours of the night, it must be 3.30/4 am which is 'brahma muhurta'. Suddenly I started getting the sound of bhajan in Swami's divine voice 'bhaja govindam bhaja govindam' with all musical instruments playing in the background. There was a Divine Fragrance (out of the world) spread in the atmosphere. I could feel Bhagawan's presence around. I got my mistakes corrected by listening to Swami. I felt very much overwhelmed and blessed by this divine experience.

After that I got a chance to sing at vrindavan ashram Kathmandu....in presence of Bhagawan. Me and my husband Dilip got a chance to do Swami's 'paad pooja' along with our family...during pooja Swami materialized Golden Chain for me and a Diamond Ring for my husband Dilip. Swami told me to put Diamond ring in my husband's finger and told him to put Golden Chain around my neck and blessed us by saying you both got remarried again. We are so very fortunate to be in Swami's fold and part of Divine Sai Mission.

Thousand Mothers's Love

Sairam. With His blessings, our family was blessed with the opportunity of His divine darshan bhagyam during Guru Purnima Celebrations-2016 along with Chitramma. After the bhajan session, our family of five members were waiting in a room in the ashram. To our astonishment, Swami knocked the door and graciously entered the room. We had beautiful darshan so closely and had padanamaskarams. Swami lovingly enquired about our stay in the hotel, food in the ashram and manifested Vibhuti, put on our foreheads and profusely blessed all of us.

During 29th Divine Birthday Celebrations, I did not get an opportunity of going to Nepal due to commitments in the home. I longed for His darshan during Shivrathri Celebration but unable to make it. But sent a letter to Swami through Chitramma. In the letter I prayed to Swami that **I wanted to come for His Darshan as many times as possible for all the occasions.**

Chitramma handed over the letter to Swami before Shivaratri day. On Shivaratri day, 24th Feb.2017 morning, our dear Maa lovingly blessed with His divine darshan in the dream. I was very happy for the unexpected darshan.

On 24th April 2017, when Swami landed in Mumbai, the same morning, Swami blessed with His divine darshan, pada Namaskaram in the dream.

During July Guru Purnima Celebrations-2017, I booked ticket for July 4th. Swami lovingly blessed with His divine darshan one day before (July 3rd) the travel. In the dream, I was getting down from a four-wheeler vehicle before the ashram and had His darshan. To my surprise, on 5th July, I just got down from the same vehicle which I have seen in the dream and had His darshan and had wonderful time.

In September 2017, during His visit to Muscat, we all had a great time with the bhagyam of Padapuja, padanamaskarams, satsangs and divine blessings.

Oct 1st 2017 morning, I had a dream in which I had Swami's divine darshan. In the dream. Swami gave me a morsel of food which I distributed to all the devotees who were present there. After that Swami started for Site seeing and I was unable to follow His speed and missed Him. I tried to reach Him by enquiring all the people about Swami's Whereabouts but missed the group. In the afternoon, I got to know through Chitramma that Swami has travelled to Singapore on the same day. Even though I am not aware of His visit to Singapore, Swami lovingly blessed with His darshan and Padanamaskarams in the dream.

How beautifully Sai Maa is fulfilling the wish of having His darshan as many times as possible on all the occasions! He is constantly watching us, guiding us, guarding us and holding us in all the corners of life even though we are recognizing it or not. Maa...Let us all be at Thy divine lotus feet just like toddlers who just don't know anything expect to follow the loving Mother.

HAPPY BIRTHDAY DEAR MAA....

Samastha Jeeva sukhino bhavanthu. Jai jai Sairam.

Navin Ganesh (Program Manager, Cisco) lives with his wife Niveditha and daughter Nidhi in Bangalore, INDIA. His family have been devotees of Sathya Sai Baba since 1992. Introduced to Sanjay Sai Baba in 2016 through Chitramma.

GOD IS ONE AND HE IS OMNIPRESENT - I have always believed this truth, but when Sri Sathya Sai Baba, my guru and God left his physical form, it was a test of my faith and belief in Swami's teachings. Deep within I had always felt that I had missed out on an opportunity to be close to Swami and experience his divinity in person. Little did I know that God was already unfolding a plan to satisfy my divine desire.

It all started in April 2016, when Chitramma, my mother's friend shared her divine experience about Sri Sanjay Sai Baba. Since Swami had plans to visit Bangalore for a day, my mother suggested that I take my family for Swami's darshan and seek his blessings.

Along with my wife Niveditha and 2-year old daughter Nidhi, we had our first darshan at Bangalore. He lovingly patted my cheek and asked me to come to Chikmagalur. I immediately made travel arrangements as I could feel his Love drawing me closer.

At Chikmagalur, through this Avataara, all my dreams were becoming a reality and I was privileged to experience the close proximity that I had yearned for. However, the question of whether this is the same God to whom I have been praying for the last 2 decades kept coming to my mind. I prayed to Swami to clear my confusion. Post lunch, Swami materialized Vibhuthi and applied it on my forehead. I was able to ask many questions that were lingering in my mind, and finally when I was about to leave Swami materialized a beautiful ring for me. At the end of the trip, my doubts were cleared and I was able to completely cherish Swami's divinity.

Swami invited me to Kathmandu and our whole family was blessed to go there during Guru Purnima in July 2016. The Darshans, Sambhashans, Padanamaskars transported us to a different reality and we were fortunate to witness the Kaustuba gem materialized by Swami. My mother's long cherished dream was fulfilled when Swami blessed her with an opportunity to speak in His divine presence. Swami blessed and carried my daughter and gave us rare moments by taking photographs with us.

We were fortunate to be present at the inauguration of Punyavathi Kshetram. The elaborate arrangements that were made for everyone in such a difficult terrain was only possible through Swami's divine will. Our joy knew no bounds when Amir bhai informed me that Swami has personally taken care to arrange suitable food for my daughter. When Niveditha requested Swami, he took Nidhi onto his lap and he Himself did the 'Annaprasnam' for her. Finally, when my parents were taking leave, Swami blessed my mother with a 'Lingam' and my father with an idol of Ganesha. When we take one step towards Him, it is absolutely true that Swami takes a 100 towards us. We were overwhelmed with the Grace and Love Swami was showering on us.

October 2016, when Swami arrived at Chennai, he gave me the coveted opportunity to drive His car wherever He went. This was beyond even what I had dreamed of. Swami visited our home and blessed us for which we are very grateful.

February 2017, Swami invited us for Shivaratri. I came along with my mother to witness the grand 'Lingodbhavam'. The atmosphere that night was charged with bhajans, bonfire and sharing of experiences in the divine presence. We were reliving what people had experienced with the Sathya Sai Avataara during the 1950-60s. The icing on the cake was the greatest opportunity to partake the prasadam prepared by Swami Himself.

Swami has called me once again to Kathmandu and I feel so blessed to be at His Divine Lotus feet for His 30th Birthday.

Geetesh Dilip Gadekar. I am studying IT engineering in Mumbai, INDIA. I love playing keyboard and singing. I am in Sai fold from three years.

My divine dreams or experiences

Shree Sanjay Sai baba's birthday function was going on. I felt that He was cutting a cake. Happiness was felt all around. Priti Nani and all others were there. Me and my brother were coming to Him. We got His darshan and felt very blissful. Swami was just leaving the place. My brother did charansparsh and then I started to go towards Him, He was standing and smiling, looking elsewhere but still His mind was on me. His smile was that cute little smile, which was very little but and at the same time the impact was huge. I did his charansparsh. Touched my head on both of His foot. His feet were warm. I felt the warmth of His feet and I felt very peaceful. He moved His hand over my back while I was doing the charansparsh which gave me strength and support. (At night I had lot of anxieties, so I pleaded to God and slept). After this, Priti Nani asked me and my brother "Anjaniya veera bhajan aata hai?" Iss baar kuch naya bhajan gao." We were going to sing bhajans for baba.

We arrived to meet Swami at a station. He was standing already looking at me. I also looked at Him for a while. Sarvesh did namaskaram by bowing his head a little far away from Swami. I also did the same. Now we went at His feet and did namaskaram. I didn't see anything while we were going towards Him. He touched His hand on my cheek as He does to devotees.

There was this other dream where Me and my brother were chanting Ganapati and Sarasvati mantra. I was maybe worried about forgetting and was forgetting. I had an anxious feeling while chanting but my brother Sarvesh was better. He was chanting confidently. Swami encouraged Him by patting Him and smiling. Swami also looked at me and smiled but His smile was a little different because of my anxiety. His smile was very loving.

It was an open space. I was singing a song named "Bulleya", a Bollywood song and was enjoying it. I came outside the open space. I got the feeling that Swami is inside. He came outside and came besides me. He showed and expressed full of love and care for me. I felt that. He was looking fat. He kissed me on the middle of my head three times. He said, "Itna pareshan hone ki jaroorat nahi hai. Chanting me tension lete ho." I was totally feeling His love and compassion. I nodded when He told all this.

Swami was on the stage. I was with one group, which had to go on the stage. This was maybe for some felicitation. I thought that I didn't have to go, or I am not called but from the inside I knew that I had to go. I saw Swami standing. His expression explained that I had to go and that I was hesitating. I felt that He was calling me. I went on the stage. I just reached there. On the stage, Swami told me, "Khush raho Geetesh." I heard His voice. After this I saw that He bowed to me maybe with some rectangular plate in His hands. The plate had some things. I felt that the things were like gifts and pink wrapped. He offered those things to me and I had to choose one. I chose something. Because of this dream, I felt that I am God and I shouldn't hesitate.

My Experiences with Swami

Loving Pranams at the lotus feet of Bhagawan Sri Sanjay Sai.

I live in Oman and me and my friend Suresh kumar jointly organize some spiritual gatherings and discourses twice in a year on a grand scale at the temple hall. I am not a devotee of Parthi Sai but we believe in guru. We pray to Shirdi Sai every Thursday and offer Aarti every Thursday. That is the only Sai cult we were following. With my friend Suresh even that Sai cult was not there. Bhagawan Sanjay Sai played a miracle in our lives. This proves that Sai krupa is abundantly available to all, whether a follower or non follower.

It was on 2017 April 6th early morning there came in my **dream** that my friend Suresh's friend is waiting at Muscat international Airport and hurriedly calls me upon my arrival and says come fast Swami has landed. We have briefed him about you and your services that you do. He was very happy and blessed you that you will prosper well" said the friend. Then I could see Swami clad in his orange robe. Head covered with a yellow cloth and he sits near an adorned deity statue and speaks. Gosh I got up from bed puzzled. What could this be and who is this Swami?

I met Mr Suresh the next day at the temple at Panguni Uthiram pooja and told him of my dream. He was astonished and said that you came in my dream and I told you by god's grace three days Pooja went on well. All are happy and full of praise. Wondering what this dream conveys.

Few days later Chitamma had approached Suresh stating that she is planning to have a pooja at temple hall and she found that Suresh had already booked the hall and is there any way that the Sai pooja could be accommodated along with your pooja?

Then Suresh called me up for a meeting with Chitamma and that is when for the first time we came to know of the Avataara and his visit to Muscat. Swami had handpicked us both and had asked to be in the core committee of the Sanjay Sai organization Oman.

Exactly 5 months later I lived my dream on the 7th September 2017. As usual I was late to reach at the airport wherein all the core members had reached and Suresh calls me in at the airport come fast Swami has landed.(As in my dream)

All the other members by then had paid a visit to the Ashram and had darshan of Swami before His Muscat visit except me. Swami had only heard about me and we had not had physical meet till that day though Swami knows about everything and everyone.(As in my dream)

On the 9th September Swami sits near the adorned deity (As in my dream).

And the event was a three day event on 8th Sep, 9th Sep and 10th Sep. as Suresh had dreamt.

On the eighth September after the paada pooja Swami held my hands and said Thanks to me. I felt like the earth below my feet caved in . Swami what is this How can you say thanks to me. We are at your service I said with tears rolling down my eyes. Swami suddenly materialised and I put my palms seeking the white material VIBUTHI. But Swami turned my palm and inserted a white material in my fingers—a diamond ring perfectly made to suit my finger size.

The creator's creation is in my fingers and the creator has permanently taken a place in my Heart.

I was a teacher working in a CBSE school. Right now, I am a housewife.
Sai is my life.

My Journey

Sai mata, pita, deenabandhu, Sakha, Tere charano mein koti pranam.
My sister Sarita who stays in Oman introduced me to Sanjay Sai Baba. But I was not very keen to go closer to him as I was more attached to the Sathya Sai form.

Over time, I had started seeing Shree Sanjay Sai in my dreams. Initially, I didn't care much as my allegiance to Sathya Sai was stronger. However, Sathya Sai had a different plan for me. He wanted me to broaden my vision and make me realise that Sai Tattwa is same in each and every Avataara. There should not be any confusion.

One night Sathya Sai Baba visited me in a dream and guided me on how to get involved in Sai projects. Knowing my mindset, He told me very clearly that I could either stay in old school i.e Sathya Sai as per my choice or I could join the 'new school', but left it to my discretion. His ways to mould and guide one in the right direction has always been very unique. In the dream, He took me on a visit to two different places. The first involved full-fledged institutions which were running smoothly while in the second place things were slowly taking shape. In my dream, I thought to myself that I should go for the latter though I had no idea about the second place (later I realised that it was about Kathmandu). After waking up I did not pay much attention to it, because Swami had told me that it was alright to be with the old school. So, I stuck to that point.

Time flew by. While Sarita was in Kathmandu, I had another dream. In this dream, Sanjay baba entered my house and immediately mentioned how badly I had treated Him last year. I felt very bad at that moment. Then my dream sequence changed and I saw a big hall where couples were doing pada puja to Sanjay Sai Baba. As I entered the hall, Sai looked at me and teasingly told me, "Oh! Why would you like to do my pada puja?" Again, I was hurt. The next day I realised my mistake after a bit of self-analysis. I remembered, when Sarita was planning to visit Swami in Kathmandu a year ago, I had stopped her by saying that we should stick to Sathya Sai only. Now, I felt repentant and called Sarita to discuss this dream. Surprisingly, I came to know from her that couples were doing pada puja there on the very same day. It made me realise that the way Sathya Sai and Sanjay Sai guide and teach was not different at all. This dream helped me to have a clearer view about Avataaras and their work. Theoretically, I know that God can take any form and He can play the same role in different places at the same time. But being in a physical world, we forget that their physical forms though different, their mission is always same. They work alike. This particular dream helped me to change my attitude and accept Sri Sanjay Sai.

Then came the Oman visit plan. I was not very keen to go there to have Darshan of Swami as going to Nepal for that purpose was an easier option for me. But with Sarita's insistence, I reluctantly decided to travel to Oman. However, I was always searching for a reason to cancel the trip. But Baba had other plans for me. The day I was traveling to airport, unseen problems started coming up. We caught the train to the airport on time. However, the train made an unscheduled stop after one hour. The train was stuck for hours on track. Though feeling unwell, I was not worried at all. In fact, I was totally relaxed. My husband was tense and I could see anxiety on his face. I was smiling in my mind and I was telling myself, "OK! If Baba wants me to come to Oman and have His darshan, then he has to make arrangement or else I will go back to my place happily." My husband had already started praying to Baba so that his wife could reach the airport on time. His prayer was definitely heard by Swami. The train started moving, but it was very slow in the beginning. We had lost our hope of reaching the airport on time. But very soon it picked up speed and started running much faster. But still, reaching airport on time was highly unlikely. Earlier we had planned to get down at Bandra and go to Andheri from there (as Andheri wasn't a scheduled stop). But now, to catch the flight on time, we had to get off the train at any station which was closer to Andheri. As we neared Andheri, our train somehow started slowing down and suddenly stopped there. This was a miracle! We took our chance and rushed to the airport without much thought and I somehow managed to catch my flight on time. If God wills, anything can happen and this was one such instance.

Blessed by Bhagawan to be in his Sai fold from the age of 9 & now in this Divine Avataara of Baba, I am in gratitude to be a part of his Sai Youth.

Roop Anek.....Bhagawan Ek

2002 was the year when I had my first Divine Darshan of Bhagawan Shri Sathya Sai Baba at Puttaparthi. Being just a 9 year old, I was overwhelmed when my parents told me, **“Dear, He is the Master – Our beloved Lord to whom you pray every day”**. Like thousands of other devotees there, even I wished to have darshans of Bhagawan with proximity and one fine day my wish was fulfilled.

In 2007, on a sunny summer day, Swami’s car left from the ashram after public darshans. As I saw the crowd gathering around the car, I ran to have a glimpse of our beloved Lord and the divine miracle happened. Being a tiny one, people were kind to allow me go further and hence I managed to stand right in front of the door where Swami was seated. With a loving smile he called me near. I tried to touch his hand as I wasn’t tall enough to see him but later realised that the window was closed. Swami, with his motherly love, touched my hand from the other side of the car window and within seconds I realized, ***the glass window suddenly disappeared.***

To the public around, the window was closed but only I knew that Swami actually held my hand and that feeling is something I will never forget in my life. With a smile he blessed me and the car moved on. As that was just the beginning, years passed by and our participation in Sai activities continued even after Bhagawan’s Samadhi in Sathya Sai Avataara.

As they rightly say.....Childhood memories never fade.

In December 2013, Bhagawan Shri Sanjay Sai Baba blessed us all with his 1st Divine visit in Bombay. In April 2014, by the grace of Bhagawan, we had his 2nd darshans as we were a part of his divine visit to Jayapura & Chikmangalur. One evening after the public darshans at Bangalore, Swami was leaving from the venue. That evening, **history repeated itself.**

I **once again** got a chance to stand right in front of the door where Swami was seated. As I was mesmerized by his divine darshans, Swami suddenly called me near his window. Out of joy & excitement I just ran towards him & tried to hold his hand but this time once again the car window was closed. And that very moment, Swami gave me a BIG smile & touched my hand from the other side. Tears just rolled out as I soon realized, **once again the glass window suddenly disappeared.** That very moments was as if Swami is asking, ***“Kuch yaad aaya?”***

I was just astonished to feel the same BLISS after 7 long years & within no time I realized **HE IS MY MASTER - MY LORD!** Thereafter, miracles being the nature of our Bhagawan, I was blessed to witness many of them. Comparison is always between two or more BUT...Our beloved **SAI is ONE – ROOP ANEK... Bhagawan EK.**

“Titliyaan” is the name given by Swami to me and my sister. We are in gratitude as Bhagawan has blessed us to be in such proximity in this Divine Avataara and be a part of his Sai Youth. With this also comes a lot of responsibility to carry our Divine Sai Mission ahead and participating in the best manner we can as I realized that **“Age is no criteria for Spirituality”**.

As Swami says, **“Your Life Is My Message”**, we all need to lead by an example and I believe, with practice, we all will surely do!

Om Sri Sai Ram,

In September 2017, I had visited Chitramaa's house for the darshan of Shri Sanjay Sai Baba who she said is an Avataara. At that moment I went to Sai abode with unconceived fact that he is God. We were present there for the whole week programme and saw many miracles.

Then in October during the Friday Oman chapter meet, I understood that while doing Puja suddenly sound came up from the audio system automatically and a lot of vibhuti came on the photo graph of Shirdi Sai baba automatically. The room was filled with a divine fragrance .I was completely stunned since I have not seen or heard of any such things in my life before .To my utter surprise every other member I met were not surprised at all instead their mood became very delightful and they started praying. All were saying that God Shree Sanjay Sai has come. They were all overwhelmed with his Omni presence.

Then me & my Family visited Nepal on 22nd November 2017.The first day meeting with Swami was very casual. After the bhajan was over around 6pm I felt a beautiful fragrance around me. When I went back to the hotel where I was staying I found a good quantity of Vibhuti in the Pallu of my saree. I realized this was Swami's blessings.

Swami gave me and my family blessed moments filled with lots of love during our trip. The Divine mother Annapoorni Sai on the 3rd day also blessed us with food made by his own hands & the taste was out of the world which is a life time experience. Swami gifted my husband a materialised Shravana Shivlingam and blessed me with the divine words of "Saubhagyavati bhava" along with haldi-kumkum and a saree.This was the blessing which I seeked the most in this conscious life as many people who saw my husband's Kundali said he has survival problem at the age of 54. We were just overwhelmed with joy and love of Swami for us which was just like a mother who expressed "My children don't worry just leave everything to me I will take care of you."

We were returning to Oman from Kathmandu.At Kathmandu Airport , my elder son Aditya got Gastroenrities attack , he vomited 6 to 7 times and had a loose motion for 4 to 5 times. He was dehydrating and getting weak. The entire flight was getting delayed as we were not boarding. My Husband Anand called up Amir Bhai to consult with Swami whether we should board the flight or stay back. Amir bhai took our message to Swami and he called us back. Due to low coverage near the runway we could not hear Amir bhai. We Prayed Swami and having no clue we courageously boarded the flight. My Son who was seated in the last row next to the cloak room once entered the flight looked relaxed and through the journey of 5 hours he was sleeping and was relaxed.

He was completely cured and we never visited doctor and there was message of Amir Bhai on Anand's Mobile which we saw after we reached home (Muscat) saying that Swami has said " Why do you fear, when I am here "...

Om Sri Sai Ram

I, Smt. Latha Easwaran, homemaker, residing at Lucknow, INDIA along with S. Easwaran [husband], Sai Vignesh [elder son] and Sai Vaishnav [younger son] are ardent followers of Bhagawan SRI SATHYA Sai Baba, since 2006 and desire to share HIS Bountiful Grace on me and my family members.

Koti, Koti Pranams to the Lotus Feet of Swami

During childhood, my family was associated with Bhagawan Sri Sathya Baba as my father was treated at Sri Sathya Baba Hospital at Puttaparthi for his heart ailment. After getting married to Shri Easwaran in 1984, I shifted to Mumbai and subsequently to Lucknow.

During the tenure of my husband's posting at Chennai [2004-2007], Bhagawan Blessed me and my family though his visiting card i.e. Vibhuthi and several other miracles. My faith grew immensely on Bhagawan and I was enjoying with all such activities, including visits to Puttaparthi, Seva, Bhajans, etc. Subsequently in 2008 my husband was transferred to Lucknow and I was feeling helpless and did not know how to cope up without Bhagawan and HIS activities. I was also sad that, though, during the visits to Puttaparthi, I had wonderful Darshans, still I did not have a close proximity to HIM, as my other friends of Chennai had with Bhagawan. Being extremely depressed that I would be missing all these activities, I accepted this too, as one of his wishes. At this juncture I was introduced to Saima [mother of Shirdi Baba in her previous birth] and started visiting her residence 'Sai Nilayam' also known to be an abode of both bhagawans i.e. Shirdi Baba and Sri Sathya Baba Among the several miraculous experiences, I experienced two major miracles. One was that of my younger son who developed a very rare and serious disease with extremely little chance of cure. But through Bhagawan'S Grace, my son was cured and saved from the jaws of death and is now leading a healthy life. The other miracle was when several people had conveyed to me that ladies should not chant Rudram. But after Bhagawan granted me permission [through Saima], while chanting Rudram at 'Sai Nilayam' there was a shower of nine Rudrakshas falling on my head and shoulders. While all were delighted including myself, I was internally missing the opportunity lost of being close with Bhagawan.

It was during this time that Chitrama from Muscat called me and described about Sanjay Sai Baba of Kathmandu. Instantly, I, felt a closeness to Sanjay Baba and was eager to see him at the next opportunity. Miraculously, Chitrama mentioned about Sanjay Baba's visit to South India and about his stay for a day or two at her residence in CHENNAI. I immediately booked my tickets to Chennai and was eagerly waiting for the day to meet Sanjay Baba. On seeing Sanjay Baba, my happiness knew no bounds as I was instantly connected from Bhagawan Sri Sathya Sai Baba to Sanjay Baba. I also thanked Bhagawan for answering my prayers and granting my wish of being in close proximity with HIM through Sanjay Baba. I, was on cloud nine when I had the opportunity to make and also serve coffee for Sanjay Baba, the next morning. In the evening I sang the Bhajan 'Vanamalli Radha Ramana' and Sanjay Baba was immensely touched by it. I am now referred to as 'Vanamalli Lata' by Sanjay Baba.

I am extremely happy and looking forward to the celebrations and be with Sanjay Baba on his 30th birthday at Kathmandu on January 19, 2018.

In this journey I am extremely grateful to Bhagawan who has been continuing to shower HIS immense Grace on me and my family at all times. I am also indebted to Chitrama who introduced me to Sanjay Baba which helped me to receive HIS Blessings and Grace too.

I believe that to achieve HIS Grace "Surrender everything at the Lotus Feet of Bhagawan/SWAMI and accept everything that HE gives as "HIS Prasadam".

My family viz. S/s Easwaran, Sai Vignesh and Sai Vaishnav joins me in thanking Bhagawan, Sanjay Baba, Saima, Chitrama for all their Blessings, Grace and LOVE showered to us at all times and Pray to them to continue to pour them on our family.

Thankyou Bhagawan, Sanjay Baba, Saima, Chitrama,

Yours lovingly,

SAI LOVE

OM SRI SAI RAM.

My loving koti paranams at the Divine Lotus Feet of our beloved Bhagawan Sri Sanjay Sai Baba. My experience with the SAI LOVE started very early in my childhood in the form of Shirdi Sai due to the devotion of my sister's friend whose family were ardent follower of Shirdi Sai and did puja on every Thursday. Her mother used to make lovely atta laddoo for prasadam which pulled me towards him and the love and peace on his face pulled me like a magnet.

Slowly I was pulled into the Sathy Sai fold through bhajans way back in 1983 which is still a mystery. My first encounter with the orange robe the symbol of love in the physical form was in 1997 during gurupurnima.

Very soon he blessed me by showing Shiva Form in the dream and initiated me into REIKI thus started the flow of LOVE in my life. He brought lots of changes in my personality at all levels (spiritual, mental, emotional and physical.) Though physical proximity other than pada namaskar was not feasible but he kept coming in my dreams and guided me in various facets of my life. Like marriage, being a balvikas guru and doing Diploma in SSEHV from Thailand. In 2011 a big vacuum was created and though he is omnipresent the yearning of the physical proximity probably drawn me like a sparrow to his third Avataara Sri Sanjay Sai Baba.

Became aware of him through Chithramaa and was asked to visit during gurupurnima in 2016 but the doubting mind didn't allow me to have his darshan. But all is predestined and when the right time comes we will be pulled like a magnet.

My first darshan of this epitome of LOVE was During Shivaratri. Experienced the SAI LOVE in abundance during my stay. First darshan itself was vibhuti materialisation and the deep concern like the love of thousand mother I got to see when my husband's flight got delayed by a day. His personal intervention and concern from time to time was invaluable.

Then food cooked by the Avataara Himself and so lovingly served. As the Sathya Sai Avataara showed me the Shiva form in the dream and brought REIKI in my life the present Avataara materialised the Shiva form as LINGAM during Shivaratri and presented it to me for my healing and meditation. Not only that his love is boundless. He materialised a ring for my husband as well and put it in his finger. The experience to the **SAILOVE IS ENDLESS**. It was as if the yearning for the closeness in the Sathya Sai form being fulfilled in this present Avataara.

Thank you Swami for being our friend, philosopher and guide **by holding our hands and taking us in the SAI PATH OF LOVE.**

Anatha koti pranams to the lotus feet of Bhagawan Sri Sanjay Sai Baba

On his 30th Birthday!

Chinmayam Vyaapi Yatsarvam
Trailokya Sacharaa Charam
TatPadam Darshitam Yena
Tasmai Sri Gurave Namaha

That revered Master who directs my attention to the ONE divinity existing in all that is inert (immobile) as well as that which is active (mobile), I salute such a Guru!

As usual it was one fine evening when we were called by our beloved sister Smt. Chithra Narayan after she completed her 108 Vaishnav Temples visit, she was sharing her thoughts, experience, feelings and the divine presence of her trip. Then, she suddenly opened the chapter of Bhagawan Shri Sanjay Sai Baba and inviting us for a darshan of Baba on Guru Poornima Day of 19th July 2016. The moment she said its HIS Call, immediately we accepted and confirmed our trip to Nepal. If our memory is correct, this discussion was somewhere in March or April and we were the first one to confirm our participation. Then we passed on this divine message to our relatives in Chennai. We were waiting for the day to meet the Avataara. Really, wordless to describe the nature's beauty in one form that is Bhagawan Sri Sanjay Sai Baba. Then, rest are all HIS play while we were there for 5 days since 16th July to 20th July 2016.

In a rainy day, ubiquitous presence of Bhagawan, being felt by every one of us. In fact, we were asked to write our plead if any to Bhagawan but I wrote a poem and handed over to HIM. He just opened and said it is in Tamil. When we asked whether He knows Tamil? (HE WHO DOES EVERYTHING BUT WE AS A HUMAN EXPRESSED OUR IGNORANCE). HE replied that konjam konjam theriyum!(means He knows a little)! This is how our journey started with Bhagawan Sri Sanjay Sai and we continue to have HIS blessings on our daily life. With HIS blessings, our twin girls Anuja & Anjana learned vedas just prior to Bhagawan's Oman visit and they had an opportunity to exhibit their talents in front of HIM and not only that but my wife Revathi Sundar had an opportunity to train the Sai Blossom student for dance performance in front of Bhagawan.

What more we need than HIS presence and guidance with us?

Thanks to my beloved Sister Smt. Chithra Narayan for giving this wonderful opportunity to us and thanks to every one of you who is associated with divine presence!

Loving you all!

Sairam. I am giving home tuitions in Muscat. I want to share my divine experience of Bhagawan Sri Sai Baba.

One of my students wanted to pursue a course in Marine Engineering. The college was located in Sohar which is 3 hours drive from Muscat. We three – father, son(student) and myself - started at 3.00am for Sohar. Student's father was driving the car. We reached Sohar at 6.00am. After having breakfast we went to the college and got his admission. We were very tired and sleepy but the student's father was adamant that he will drive and nothing untowards will happen.

I prayed and started chanting GAYATRI MANTRA. Many times the driver felt sleepy, I warned him let us halt, take rest and then drive but he did not listen.

The inevitable happened, he lost control and dashed against the divider at a speed of 165 km.

Next what happened, when we opened our eyes we were at Suhaik Hospital. For a moment I thought we were dead and buried, but because of Bhagawan's love all three of us survived. Gayatri Mantra chanting and God's love is a miracle which can save u from any disaster.

I had faith but after this accident I have surrendered my life totally to Bhagawan and I will spend rest of my life as per divine perspective helping his mission in whatever way possible.

Experience in Bhagawan Shri Sanjay Sai Baba coming to our home and listening to His discourse, His stay for 6 days in Sai abode Oman, and sharing the same place with Him was a big boon to me and a great experience for all devotees in Oman. His darshan, sparshan and sambashan have touched my heart and I was the few chosen one to do Padpooja for the Lord. It was a small step of Bhagawan but a huge step for mankind. I personally thank Chithrama for bringing Bhagawan in this desert, which is blooming ever since his visit.

WITH GOD THERE IS ENDLESS HOPE AND WITHOUT GOD THERE IS HOPELESS END.

OM SRI SAI RAM.
